Easter Giving

Bluegrass residents assembled Easter baskets and helped deliver them to the Ronald McDonald House and to the Hope Lodge in Lexington. Cindi Burton our Dietary Manager baked two cakes to be sent with the baskets.

Lena Bushell 4/29

Sally Martin 4/13

Geraldine Lumpkins 4/27

Evelyn Hatton 4/5

St. Patrick's Day at Bluegrass

March Madness

Teretha Mems and Martin Watts

Dear Residents, Stakeholders, Families and Visitors,
On Tuesday, March 29th Bluegrass Care and Rehabilitation held its monthly safety meeting. As is done every month at this meeting we take into consideration the safety of the facility's residents, stakeholders and visitors.

The primary issues addressed at this meeting were the hazards associated with stakeholders, visitors and staff loitering at the loading dock, aka side/employee entrance. The hazards discussed included; 1.) vehicles (vans, buses, motorcycles, cars, etc.) picking up and dropping off residents, staff and visitors 2.) emergency vehicles (ambulance, police, fire, etc.) picking up and dropping off residents, staff and visitors as well as responding to emergencies of all kinds 3.) delivery vehicles (food, medical supplies, etc.) 4.) outside contractors coming and going from the facility with boxes, pallets, carts, dollies, etc. A job hazard analysis as per the requirements of the Occupational Safety and Health Administration (OSHA) has been completed. As a result, it is now the policy of the Bluegrass Care and Rehabilitation that no stakeholder, resident or visitor shall loiter at this loading dock/side entrance in the interest of their own safety. The space is for active unloading and loading of vehicles, whether for persons, equipment or supplies. If a person desires to spend time outside of the facility to wait for a ride, enjoy the outdoors, etc. the front of the building and courtyard are available for these purposes. The courtyard will be revitalized in the coming weeks and all residents are encouraged to participate in its design. All design considerations should be reasonable and within the allocated budget. A special meeting will be called. We apologize to any of you whom this may adversely affect, but it is in the interest of your own safety. Warm regards,

Duane Hathaway

The Easter Bunny came to Bluegrass!

The Dietary Department is pleased to announce we will be starting a new menu and tray card program May 1st, 2016. SHC has decided to upgrade our Menus and Software by joining in partnership with the Crandall Menu program. The new menus will be posted in the facility as soon as they are finalized. We look forward to our new partnership and the opportunity to offer our Resident's a pleasant change in menus.
